

Publisher Correction: Letter perception emerges from unsupervised deep learning and recycling of natural image features

Alberto Testolin, Ivilin Stoianov and Marco Zorzi

Correction to: *Nature Human Behaviour* <https://doi.org/10.1038/s41562-017-0186-2> (2017); published online 21 August 2017.

In the version of this Letter originally published, in the sentence beginning “Written symbols are culture specific...”, in the second example, ‘ Φ ’ was used instead of ‘F’; it should have read ‘(for example, \mathcal{F} versus F)’. This has now been corrected in all versions of the Letter.
