

Publisher Correction: The effectiveness of plain packaging in discouraging tobacco consumption in Australia

David Underwood, Sizhong Sun  and Riccardo A. M. H. M. Welters

Correction to: *Nature Human Behaviour* <https://doi.org/10.1038/s41562-020-00940-6>, published online 21 September 2020.

In the version of this Article initially published, an error in production led to the replacement of the funding statement that the authors had provided in the Acknowledgements with the text, “The funders had no role in study design, data collection and analysis, decision to publish or preparation of the manuscript.” This incorrectly implied that the authors received funding for this research. The correct statement is “The authors received no specific funding for this work.” This correct statement has now been reinstated in all versions of the article.
