

## Publisher Correction: Bacterial butyrate prevents atherosclerosis

Scott J. Bultman

Correction to: *Nature Microbiology* <https://doi.org/10.1038/s41564-018-0299-z>, published online 26 November 2018.

In the version of this News & Views originally published, owing to production error, the concentration scales given for butyrate circulates in the bloodstream and colon were incorrect. It was stated that “butyrate circulates at mM levels (as opposed to  $\mu\text{M}$  in colon)”; this should have read “butyrate circulates at  $\mu\text{M}$  levels (as opposed to mM in colon)”. This error has now been corrected.
