In the version of this article initially published online, there was an attribution error in the Methods section, “Confocal microscopy” paragraph. In the fourth sentence, now reading “Subsequently, cells were incubated with primary antibodies against LMP1 (the monoclonal antibody OT-21C, 1:1,000; a gift from J. Middeldorp),” the proper researcher is now credited. The error has been corrected in the HTML and PDF versions of the article.
