Correction to: *Nature Photonics* <https://doi.org/10.1038/s41566-018-0175-7>, published online 21 May 2018.

The authors of this Article have become aware of the following recent paper that reports the electrically tunable degenerate four-wave mixing in graphene-covered SiN waveguides: “Alexander, K., Savostianova, N. A., Mikhailov, S. A., Kuyken, B. & Van Thourhout, D. Electrically tunable optical nonlinearities in graphene-covered SiN waveguides characterized by four-wave mixing. *ACS Photon.* **4**, 3039–3044 (2017).” This reference has been added as ref. <sup>33</sup> in the new sentence “Very recently, degenerate four-wave mixing in graphene-covered SiN waveguides with ion-gel gating was experimentally studied<sup>33</sup>” Accordingly, the previous sentence has been amended to read as “Few such experiments have been reported, although they have been suggested in theoretical work<sup>28–32</sup>” and all subsequent references have been renumbered. These changes have been made in the online versions.
