In the version of the article initially published, there were errors in Fig. 5. In Fig 5a where “LMPO–Cu(I)” and “RH, O₂” on the left-hand side originally appeared as “LMPO–Cu(II)” and “H₂, O₂”. In Fig. 5b, in path b, “Fe^(III)” originally appeared as “Fe^(II)” and the bond between “O” and “Fe^(III)” was originally shown as a solid line. The figure has been corrected in the HTML and PDF versions of the article.
