Published online 17 April 2018

The originally published article contained an error in the acknowledgements section in which the Universiteitsfonds Limburg/SWOL is incorrectly presented as awarding an SU2C-DCS International Translational Cancer Research Dream Team Grant (Stand Up To Cancer (SU2C)-AACR- DT1415, MEDOCC). This has been corrected in the HTML and PDF versions of the manuscript to reflect that Universiteitsfonds Limburg/SWOL is not the funding body that awarded this grant.
