In the version of the article initially published, the Fig. 3b *n* numbers and percentages were duplicates of those in Fig. 3a. This has been corrected, and the Fig. 3b bars now read “*n* = 260 (26%)”, “*n* = 145 (22%)”, “*n* = 46 (38%)” and “*n* = 69 (34%)” in the HTML and PDF versions of the article.
