## Publisher Correction: The relationship between genome structure and function

A. Marieke Oudelaar  and Douglas R. Higgs 

Correction to: *Nature Reviews Genetics* <https://doi.org/10.1038/s41576-020-00303-x>, published online 24 November 2020.

The originally published article contained an error in Box 2. The sentence “The following observations ... emergent property” was incorrectly placed at the start of the bulleted list instead of immediately before the bulleted point “Balanced translocations are relatively common in phenotypically normal individuals”. The placement has been corrected in the HTML and PDF versions of the manuscript.
