Publisher Correction: Autophagy as a promoter of longevity: insights from model organisms

Malene Hansen, David C. Rubinsztein and David W. Walker

Nature Reviews Molecular Cell Biology (2018) <https://doi.org/10.1038/s41580-018-0033-y>
Published online 13 July 2018

In the original article a Note added in proof was not included. This has now been amended. In addition, the sentence highlighting ref. 162 referred to Bcl-1 as a negative regulator of beclin 1. This was corrected to BCL-2.
