Norihisa Mikami & Shimon Sakaguchi

In the originally published version of this article, the Competing interests section did not include “S.S. is a founder and scientific advisor of RegCell, which aims to develop a novel T_{reg} cell-based therapy for autoimmune disease. S.S. and N.M. are holders of a patent for use of a CDK8/19 inhibitor in T_{reg} cell production,” which is now amended in the HTML and PDF versions of the article.
