In the version of the article initially published, the surname of Maria Paternina-Die was misspelt as Paternina-Pie. In the “Maternal circuit activation in rodents” subsection, in the sentence beginning “The activation of MPOA neurons near parturition stimulates maternal behaviour,” a citation to ref. 5 (Numan, M. *The Parental Brain: Mechanisms, Development, and Evolution* (Oxford Univ. Press, 2020)) was missing. These errors have now been corrected in the HTML and PDF versions of the article.

In the version of the article initially published, in the caption of Fig. 3, the descriptions “green”, “orange”, “maroon” and “red” mistakenly appeared as “yellow”, “purple”, “red” and “orange”, respectively. These errors have now been corrected in the HTML and PDF versions of the article.
