In the version of this Article initially published, there was an error in Equation (1). Now reading as

$$\hat{H}_{BLBQ} = J \sum_i [\vec{S}_i \cdot \vec{S}_{i+1} + \beta (\vec{S}_i \cdot \vec{S}_{i+1})^2],$$

the set of round brackets was missing in the originally published version. Further, a placeholder reference was used for ref. 42; the complete citation now reads: “42. Hieulle, J. et al. On-surface synthesis and collective spin excitations of a triangulene-based nanostar. *Angew. Chem. Int. Ed.* <https://doi.org/10.1002/anie.202108301> (2021).” The changes have been made in the online version of the Article.
