In the version of this article initially published, the y-axis labels for panels **o** and **p** in Extended Data Figure 2 wrongly stated the data as mass-specific rather than volume-specific. The units, now reading as pmol/min/fl for panel **o** and mpH/min/fl for panel **p**, originally used cell mass (pg) instead of cell volume (fl). Furthermore, the corresponding text in the main article and figure legend incorrectly used 'mass-specific' for 'volume-specific' and 'pg⁻¹' for 'fl⁻¹' when discussing the results. The errors have been corrected in the HTML and PDF versions of the article.
