In the version of this article initially published, there was a typographical error in the seventh sentence of the Methods “Surgeries” subsection, where in the text now reading “One week after injection, a 0.5-mm-diameter gradient refractive index (GRIN) relay lens (Go!Foton) was implanted above the ADN (AP,  $-1.05$ ; ML,  $0.8$ ; DV,  $-3$ ),” the AP coordinate “ $-1.05$ ” originally read “ $1.8$ .” The error has been corrected in the HTML and PDF versions of the article.
