In the version of this article initially published, ref. 18 (Simunovic, M. et al., *Cell Stem Cell*. <https://doi.org/10.1016/j.stem.2022.05.001> (2022)) was missing, and in Fig. 1a,b, yellow header labels for “GATA6” and “GATA3” were missing. In addition, in the Methods section “Generation of inducible human ES cell lines”, in the text now reading “... pBase plasmid expressing PiggyBac Transposase using the Neon transfection system with the following settings: 1,200 V, 20 ms, 2 pulses”, 20 ms first appeared in error as “2 ms”. The corrections have been made in the HTML and PDF versions of the article.
