

Publisher Correction: An engineered ScCas9 with broad PAM range and high specificity and activity

Pranam Chatterjee , Noah Jakimo, Jooyoung Lee , Nadia Amrani , Tomás Rodríguez, Sabrina R. T. Koseki , Emma Tysinger, Rui Qing , Shilei Hao , Erik J. Sontheimer  and Joseph Jacobson

Correction to: *Nature Biotechnology* <https://doi.org/10.1038/s41587-020-0517-0>, published online 11 May 2020.

In the version of this article initially published online, Sc⁺⁺ was given as Sc⁺⁺⁺ in two places in the fifth paragraph of the Results section. The error has been corrected in the print, PDF and HTML versions of the article.

Publisher Correction: The making of the Biohub

Laura DeFrancesco

Correction to: *Nature Biotechnology* <https://doi.org/10.1038/s41587-020-0685-y>, published online 11 September 2020.

In the version of this article initially published online, the Biohub's full name was given in two locations as CZI Biohub; the correct name is Chan Zuckerberg Biohub. The last name of California's governor, Gavin Newsom, was given as Newsome, and the first name of the Biohub's COO, Gajus Worthington, was given as Gaius. Amy Kistler was identified as an epidemiologist; she is infectious disease group leader. CZI was described as a not-for-profit; it is now described as a philanthropy. Finally, the relationship among entities was mischaracterized: "The pivot on a dime was possible because DeRisi is part of the Chan Zuckerberg Initiative" has been changed to "The pivot on a dime was possible because the Biohub is funded by the Chan Zuckerberg Initiative." The errors have been corrected in the print, PDF and HTML versions of the article.
