

Author Correction: A co-clinical approach identifies mechanisms and potential therapies for androgen deprivation resistance in prostate cancer

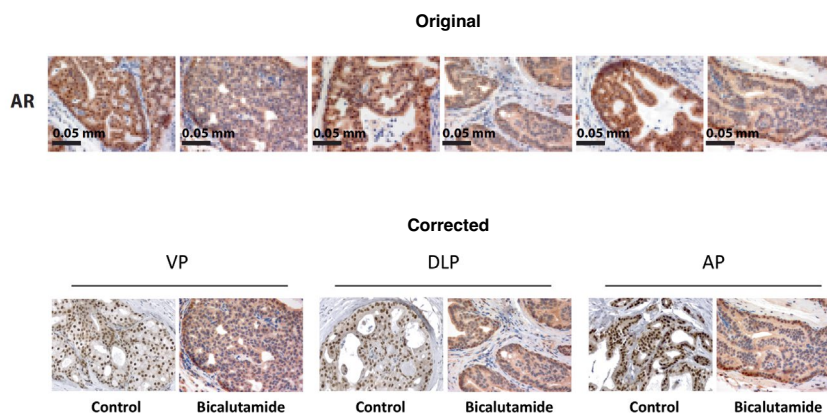

Andrea Lunardi, Ugo Ala, Mirjam T. Epping, Leonardo Salmena, John G. Clohessy, Kaitlyn A. Webster, Guocan Wang, Roberta Mazzucchelli, Maristella Bianconi, Edward C. Stack, Rosina Lis, Akash Patnaik, Lewis C. Cantley, Glenn Bubley, Carlos Cordon-Cardo, William L. Gerald, Rodolfo Montironi, Sabina Signoretti, Massimo Loda, Caterina Nardella and Pier Paolo Pandolfi

Correction to: *Nature Genetics* <https://doi.org/10.1038/ng.2650>, published online 2 June 2013.

In the version of this article initially published, the *Pbsn-cre4; Pten^{fl/fl}; Trp53^{fl/fl}* and *Pbsn-cre4; Pten^{fl/fl}; Zbtb7a^{fl/fl}* labels above the protein blot images in Fig. 3c were inadvertently switched.

In the legend of Fig. 4d, 'Protein blot analysis on the samples in b' should have read 'Protein blot analysis on the samples in Fig. 3c'.

In Supplementary Fig. 1e, the images labeled as AR-stained vehicle-treated control *Pbsn-cre4; Pten^{fl/fl}; Zbtb7a^{fl/fl}* (chemical castration) inadvertently showed control non-castrated *Pbsn-cre4; Pten^{fl/fl}; Zbtb7a^{fl/fl}* prostate tumor images from mice in Fig. 3d. The original and corrected images are shown in the correction notice.

Supplementary Fig. 1e | Original and corrected.
