In the version of this Article initially published, there was an error in the SNP number shown. In Figure 3b, the center label “rs1546273” should have read “rs1546723,” and in the third paragraph of the section titled “Comprehensive CRE scans of five loci show the flexibility of HCR–FlowFISH,” in the sentence beginning “At the –77 kb CRE,” the identifier “rs1546273” should have read “rs1546723.” The errors have been corrected in the online version of the paper.
