Publisher Correction: The chemical basis of ferroptosis

Marcus Conrad and Derek A. Pratt Correction to: *Nature Chemical Biology* <https://doi.org/10.1038/s41589-019-0408-1>, published online 18 November 2019

In the version of this article previously published, several components of Fig. 1 were missing. In panels **c** and **d**, radicals were omitted from the compound structures; in panel **e**, the arrow going downward from arachidonate was partially removed. Additionally, the structure of ML094 in Fig. 4 was incorrect. The 1,3-cyclohexadiene ring on the south end of the molecule should be a naphthyl ring. The errors have been corrected in the HTML and PDF versions of the paper.

Fig. 1 | Original and Corrected.
