

Author Correction: Activated β -catenin in Foxp3⁺ regulatory T cells links inflammatory environments to autoimmunity

Tomokazu Sumida , Matthew R. Lincoln, Chinonso M. Ukeje, Donald M. Rodriguez, Hiroshi Akazawa, Tetsuo Noda, Atsuhiko T. Naito, Issei Komuro, Margarita Dominguez-Villar and David A. Hafler

Correction to: *Nature Immunology* <https://doi.org/10.1038/s41590-018-0236-6>, published online 29 October 2018.

In the version of this article initially published, the Acknowledgments section was incomplete and the Competing interests section was incorrect. The Acknowledgments section should include National Institutes of Health grant P01 AI073748 for D.A.H.; the Competing interests section should read as follows: “D.A.H. has consulted for the following companies: Bayer Pharmaceuticals, Biohaven Pharmaceuticals, Bristol Myers Squibb, Compass Therapeutics, Eisai Pharmaceuticals, EMD Serono, Genentech, Juno Therapeutics, McKinsey & Co., MedImmune/AstraZeneca, Mylan, Pharmaceuticals, Neurophage Pharmaceuticals, NKT Therapeutics, Novartis Pharmaceuticals, Proclara Biosciences, Questcor Pharmaceuticals, Roche, Sage Therapeutics, Sanofi Genzyme, Toray Industries, and Versant Venture.” The errors have been corrected in the HTML and PDF versions of the article.
