

Publisher Correction: Noninvasive monitoring of single-cell mechanics by acoustic scattering

Joon Ho Kang , Teemu P. Miettinen , Lynna Chen, Selim Olcum , Georgios Katsikis , Patrick S. Doyle and Scott R. Manalis 

Correction to: *Nature Methods* <https://doi.org/10.1038/s41592-019-0326-x>, published online 11 February 2019.

The version of this paper originally published online contained an error in the *x*-axis of Fig. 2c: the LatB concentrations should be 0.4 and 1 μM , but during typesetting, the 1 μM label was incorrectly changed to 0.1 μM . The label is now correct in the print, PDF, and HTML versions of the paper. In addition, in the article's online Supplementary Information, Supplementary Video 2 was a duplicate of Supplementary Video 1. The correct versions of both videos are now available online.
