

Author Correction: Nested designs

Martin Krzywinski, Naomi Altman and Paul Blainey

Correction to: *Nature Methods* <https://doi.org/10.1038/nmeth.3137>, published online 29 September 2014.

In the version of this article initially published, there were errors in an n value, two subscripts and a figure citation. In the sentence in paragraph 11 beginning “If variance is kept at 1.43 ($c = 5$, $n = 5$),” n should be 3, not 5. In the sentence in paragraph 12 beginning “We want to minimize $\text{Var}(X_{i,\dots}) = \sigma_b^2/b + \sigma_c^2/(bc) + \sigma_\varepsilon^2/(bcn)$ within the cost constraint $K = bC_B + bcC_D + bcnC_D$,” the subscript D in the second term should be a subscript C and the one in the third should be a subscript N. In the next-to-last paragraph, the citation to Fig. 2b should be to Fig. 3b. The authors thank Ghadi Al Hajj for bringing the matter to their attention. The errors have not been corrected in the original article.

Correction to: *Nature Methods* <https://doi.org/10.1038/s41592-020-0882-0>, published online 3 August 2020.

In the version of this article initially published online, the gray wavefronts representing acoustic resonance were missing from the right panel of Fig. 1a, and an extra letter A was present to the left of the L2 larva in Fig. 2h. The errors have been corrected in the print, PDF and HTML versions of the article.
