In the version of the article initially published, the equation in the “Trial-by-trial power spectral density calculations” section of Methods was incorrect; the sigma in the denominator was preceded by a superscript 3 and should have been followed by a superscript 2. The correct equation is shown below:

$$r_{mr}^2 = \frac{(\bar{m} - \bar{r})^3}{|\bar{m} - \bar{r}| \sigma_{mUr}^2} \frac{N_m N_r}{N_{mUr}^2}$$

The equation has been corrected in the HTML and PDF versions of the article.
