Publisher Correction: Programmed cell death can increase the efficacy of microbial bet hedging

Eric Libby¹, William W. Driscoll² & William C. Ratcliff³Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-017-18687-y>, published online 18 January 2018

The original version of this Article contained an error in the title, where the phrase “bet hedging” was incorrectly given as “bet -hedging”. This has now been corrected in the PDF and HTML versions of the Article.
