Author Correction: Rapid signal enhancement method for nanoprobe-based biosensing

Jorge T. Dias¹, Gustav Svedberg¹, Mats Nystrand², Helene Andersson-Svahn¹ & Jesper Gantelius¹

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-017-07030-0>, published online 28 July 2017

In the Methods section of this Article references 18 to 22 are incorrectly cited. The correct references were omitted from the reference list and appear below as references 1–5. References 18 to 22 are correctly cited in Introduction and Results and Discussion sections.

“AuNPs of 10 nm in diameter were prepared following the protocol described by Bastús *et al.*¹⁸”

should read:

“AuNPs of 10 nm in diameter were prepared following the protocol described by Bastús *et al.*¹”

“AgNPs of 90 nm in diameter were prepared following the protocol described by Rivero *et al.*¹⁹”

should read:

“AgNPs of 90 nm in diameter were prepared following the protocol described by Rivero *et al.*²”

“The size was determined by UV-Vis spectroscopy according to the AgNPs size theory demonstrated by Malynych²⁰”

should read:

“The size was determined by UV-Vis spectroscopy according to the AgNPs size theory demonstrated by Malynych³”

“The coupling of antibody to the NPs was prepared following a modified version of a protocol previously reported by Puertas *et al.*²¹”

should read:

“The coupling of antibody to the NPs was prepared following a modified version of a protocol previously reported by Puertas *et al.*⁴”

“Microarrays were prepared as previously reported by our group²²”

should read:

“Microarrays were prepared as previously reported by our group⁵”
