Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-018-28028-2>, published online 25 June 2018

This Article contains errors in Figure 8; the scale for the distribution of the electrical conductivity of the triaminotrinitrobenzene based explosive (TATB) is incorrect. The correct Figure 8 appears below as Figure 1.

**Figure 1.** Electrical conductivity profiles in detonating dense explosives: RDX ( $\rho = 1.74 \text{ g/cm}^3$ ), TATB ( $\rho = 1.8 \text{ g/cm}^3$ ), BTF ( $\rho = 1.9 \text{ g/cm}^3$ ).
