Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-018-21483-x>, published online 21 February 2018

This Article contained errors.

As a result of a figure assembly error, in Figure 5b subpanel showing samples vps1 Δ through vaps8 Δ was duplicated for vps25 Δ through vps31 Δ and vps53 Δ through vps63 Δ , for methionine treated samples. This same methionine sample was correctly shown in the Supplementary Information File.

Additionally, in the Supplementary Information file, as a result of labelling error, the label for vps32 Δ through vps38 Δ was duplicated for subsequent subpanel which instead should be labelled as vps39 Δ through vps52 Δ .

These errors have now been corrected in the PDF and HTML versions of the Article, and in the accompanying Supplementary Information File.
