This Article contains errors in the Results section under subheading ‘Total annual movement distances’.

“In southwest Mongolia, gray wolves moved more than khulan or wild Bactrian camels (*Camelus bactrianus*; Table 2; Fig. 2), which are among their prey species.”

should read:

“In southwest Mongolia, gray wolves moved more than khulan or wild Bactrian camels (*Camelus ferus*; Table 2; Fig. 2), which are among their prey species.”

Additionally, in Table 2, “Bactrian camel” should read “Wild camel”.
