# Author Correction: Roadkill and space use data predict vehicle-strike hotspots and mortality rates in a recovering bobcat (*Lynx rufus*) population

Heidi L. Bencin, Suzanne Prange, Christa Rose  & Viorel D. PopescuCorrection to: *Scientific Reports* <https://doi.org/10.1038/s41598-019-50931-5>, published online 28 October 2019

In this Article, there is an error in the ‘Long-term road mortality data’ subheading in the Methods:

“Demographic data (age and sex) were only recorded for individuals between 2006 and 2013 during a state-wide ODNR carcass collection program (Rose, unpubl. data)” - should refer to an Article in press – Reference 1 in this Correction - rather than unpublished data.
