Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-019-57335-5>, published online 15 January 2020

This Article contains errors in the Results section where,

“Four variants (2%) were found to be more likely to be risk factors (Table 1).”

Should read:

“Five variants (2%) were found to be more likely to be risk factors (Table 1).”

Additionally, there is an error in Table 1 where the P/LP value for the Characteristic All is incorrect.

The correct value should be 125 (58).
