Publisher Correction: The Technome - A Predictive Internal Calibration Approach for Quantitative Imaging Biomarker Research

Alexander Mühlberg, Alexander Katzmann, Volker Heinemann, Rainer Kärgel, Michael Wels, Oliver Taubmann, Félix Lades, Thomas Huber, Stefan Maurus, Julian Holch, Jean-Baptiste Faivre, Michael Sühling, Dominik Nörenberg & Martine Rémy-Jardin

This Article contains an error introduced by the journal during the typesetting of Equation 2.

$$I_i^*(\vec{v}) = I_i(\vec{v}) - \left(\hat{\beta}_k + \sum_{k}^{N} \hat{\beta}_k \mathrm{SVD}_k(I_i(CR(\vec{v}))) \right).$$

should read:

$$I_i^*(\vec{v}) = I_i(\vec{v}) - \left(\hat{\beta}_0 + \sum_{k}^{N} \hat{\beta}_k \mathrm{SVD}_k(I_i(CR(\vec{v}))) \right).$$
