OPEN Retraction Note: Molecular Phylogeny and Revision of Copepod Orders (Crustacea: Copepoda)

Sahar Khodami, J. Vaun McArthur, Leocadio Blanco-Bercial & Pedro Martinez Arbizu

Retraction of: Scientific Reports https://doi.org/10.1038/s41598-017-06656-4, published online 22 August 2017

The Authors have retracted this Article.

The alignment provided in the supplementary material and uploaded to TreeBASE¹ is not the one used to construct the tree of copepod orders reported in the Article. Unfortunately we did not retain a copy of the original alignment. Additionally, 9 out of 492 fragments submitted to GenBank were mislabelled. As a result, the published tree of copepod orders cannot be reproduced with the provided alignment, and some of the conclusions reported in the paper cannot be recapitulated.

Sahar Khodami, Leocadio Blanco-Bercial & Pedro Martinez Arbizu agree with this retraction. J. Vaun McArthur could not be reached.
