Correction to: *Scientific Reports* <https://doi.org/10.1038/srep01572>, published online 28 March 2013

In this Article, the legend of Figure 7e is incorrect:

“(e) Purified CD11c⁺ cells (2×10^4) from C57BL/6 mice infected with the indicated parasite were pulsed with or without OVA peptide and fixed, then were co-cultured with 10^5 OT-I CD8⁺ T cells.”

should read:

“(e) Purified parasitized (GFP⁺) or unparasitized (GFP⁻) erythroblasts (2×10^4) from C57BL/6 mice infected with the indicated parasite were fixed and were co-cultured with 10^5 Rag2^{-/-} OT-I CD8⁺ T cells.”
