Publisher Correction: Effect of small heat release and viscosity on thermal-diffusive instability

Keigo Wada

The original version of this Article contained errors in Equations 24–26.

In Equation 24, "$[M]$" was omitted from the HTML version.

In Equation 25, "$[\boldsymbol{n} \times (\boldsymbol{V} \times \boldsymbol{n})]$" was omitted from the HTML version.

In Equation 26, "$[T]$" was omitted from the PDF and HTML versions.

$$= [Y] = \left[(\boldsymbol{n} \cdot \nabla)\left(T + \frac{q}{Le}Y\right) \right] = 0,$$

now reads:

$$[T] = [Y] = \left[(\boldsymbol{n} \cdot \nabla)\left(T + \frac{q}{Le}Y\right) \right] = 0,$$

The original Article has been corrected.
