Author Correction: *Cannabis sativa* L. may reduce aggressive behaviour towards humans in shelter dogs

Sara Corsetti, Simona Borruso, Livia Malandrucchio, Valentina Spallucci, Laura Maragliano, Raffaella Perino, Pietro D'Agostino & Eugenia Natoli

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-021-82439-2>, published online 02 February 2021

The original version of this Article contained an error. The company that provided the CBD oil for the study incorrectly described the oil's characteristics.

As a result, in the Materials and methods section under the subheading 'Treatment',

"CBD based oil consisted of an extraction from aerial parts and inflorescences of the plant *Cannabis Sativa* in organic extra virgin olive oil to the proportion of 150 g of CBD in 1 L of oil."

now reads:

"CBD based oil consisted of an extraction from aerial parts and inflorescences of the plant *Cannabis Sativa* in organic extra virgin olive oil to the proportion of 150 g of *Cannabis sativa* inflorescences and aerial parts in 1 L of oil."

The original Article has been corrected.
