Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-020-70332-3>, published online 06 August 2020.

This original version of this Article contained errors in Figures 1 and 2.

In Figure 1, in chemical structure “Cimetidine, 2”, the abbreviation N was incorrectly given as NH and its CN-group was omitted.

Additionally, in chemical structure “10, UR-KAT514”, thiophene was connected at the wrong position.

In Figure 2, in chemical structure “15, BODIPY 630/650 NHS ester” thiophene was connected at the wrong position.

The original Figures 1 and 2 and their accompanying legends appear below.

The original Article has been corrected.
