OPEN Retraction Note: Integrative analysis of the circRNA–miRNA regulatory network in atrial fibrillation

Zhong-bao Ruan, Fei Wang, Qiu-ping Yu, Ge-cai Chen & Li Zhu

Retraction of: *Scientific Reports* <https://doi.org/10.1038/s41598-020-77485-1>, published online 24 November 2020

The Editors have retracted this article.

After publication, concerns were raised with respect to overlap with another publication by the authors¹. Post-publication peer review confirmed that Figure 1A and 1B in this article and Figure 2B and 2D in¹, Figure 2 in this article and Figure 3 in¹, and Figure 3 in this article and Figure 7 in¹ are the same. Additionally, data shown in Tables 3 and 4 in this study and Tables 2 and 3 in¹ are also identical. This article is therefore redundant.

All Authors disagree with the retraction.
