

OPEN **Publisher Correction:** Individual differences in sensory and expectation driven interoceptive processes: a novel paradigm with implications for alexithymia, disordered eating and obesity

Hayley A. Young, Chantelle M. Gaylor, Danielle de-Kerckhove & David Benton

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-021-89417-8>, published online 12 May 2021

The original version of this Article contained errors.

In the PDF version, Table 1 was incorrectly sized resulting in the loss of the final two columns of data: “DIF” and “BMI”. The HTML version was unaffected.

In addition, there was a repeated error in the F statistics, where $F(1, 58)$ and $F(3, 174)$ were incorrectly given as $F = (1, 58)$ and $F = (3, 174)$ respectively.

The original Article has been corrected.

The conclusions of the Article remain unchanged.
