Author Correction: Enlarged periventricular space and periventricular lesion extension on baseline brain MRI predicts poor neurological outcomes in cryptococcus meningoencephalitis

Woo-Jin Lee, Young Jin Ryu, Jangsup Moon, Soon-Tae Lee, Keun-Hwa Jung, Kyung-Il Park, Manho Kim, Sang Kun Lee & Kon Chu

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-021-85998-6>, published online 19 March 2021

The original version of this Article contained an error, where informed consent information was incorrect.

As a result, in the Materials and Methods section, under the subheading ‘Study subjects’

“Written informed consent was obtained from each patient or the patient’s legal surrogate.”

now reads:

“Informed consent was waived by the IRB, as this study did not intervene with the evaluation or treatment process of the patients, and the patients were anonymized during the study process.”

The original Article has been corrected.
