The Supplementary Information file published with this Article contained errors.

In the Supplementary Figure 2, the scale of the y-axis in Panel (a) was incorrect.

Furthermore, under the subheading ‘Soluble Protein Quantification Method’,

“Secreted protein concentrations are reported as pg/mL/μg total cellular protein.”

now reads:

“Secreted protein concentrations are reported as pg/mL.”

The original Supplementary Information 1 file is provided below.

These errors have now been corrected in the Supplementary Information 1 file that accompanies the original Article.
