Christina Boswell¹ & Katherine Smith¹

Correction to: *Palgrave Communications* <https://doi.org/10.1057/s41599-017-0042-z>, published online 12 December 2017

On page 7 of the PDF, in the second paragraph under the subheading “Conclusion” the first sentence “The existing literature on research impact has already subjected current approaches to assessing, incentivizing and rewarding impact in the UK to extensive critique (e.g., ADD REFS) and it was not the purpose of this paper to expand on these critiques” has been corrected to “The existing literature on research impact has already subjected current approaches to assessing, incentivizing and rewarding impact in the UK to extensive critique, and it was not the purpose of this paper to expand on these critiques”.

This article has been corrected online.
