Correction: Antisemitism is predicted by anti-hierarchical aggression, totalitarianism, and belief in malevolent global conspiracies

Daniel Allington , David Hirsh  & Louise Katz 

Correction to: *Humanities and Social Sciences Communications* <https://doi.org/10.1057/s41599-023-01624-y>, published online 10 April 2023.

In Figure 3 in the original publication, the semi-transparent ribbons representing the 95% confidence intervals on the linear models were not visible, due to a technical problem with the file uploaded by the authors. This has now been corrected.

In addition, the supplementary appendix file was uploaded in a .tex format. This has now been replaced with a PDF version to ensure all readers are able to access the file.
