In the Supplementary Information file originally published for this Article, the parameter of space velocity in Supplementary Fig. 19a was incorrect as '60000 mL.g_{cat}⁻¹.h⁻¹'; it should have been '180000 mL.g_{cat}⁻¹.h⁻¹'. This has now been corrected and, for completeness, the catalytic performance of the Ni₁Au alloy synthesized using a SEA method under a space velocity of 60000 mL.g_{cat}⁻¹.h⁻¹ has been added as Supplementary Fig. 19c.
