Correction to: *Nature Catalysis* <https://doi.org/10.1038/s41929-021-00696-w>, published online 18 November 2021.

In the version of this article, there was an error in Fig. 2b. The $9,900\text{ h}^{-1}$ space velocity data were plotted against the wrong x -axis values (originally 100, 70, 50, 30, 10% rather than the corrected 70, 50, 30, 20, 10%). The plot has been replaced. Further, in the explanation below equation (3), the text describing variable “ a ” has been expanded to include catalytic activity for the CZA catalyst, and now reads “...and the variable a denotes the exposed metallic surface area or the catalytic activity⁷⁰”.

The changes have been made to the HTML and PDF versions of the article.
