Correction to: *Nature Reviews Physics* <https://doi.org/10.1038/s42254-020-0208-2>, published online 28 July 2020.

The originally published article contained an error in Fig. 3. The schematic in part **b** included a pre-synaptic spike that occurred after the post-synaptic spike and was shown as having an increasing weight, and the pre-synaptic spike that preceded the post-synaptic spike was shown as having a decreasing weight. In addition, the blue astrocyte in part **a** was referred to as grey in the caption. The order of the spikes has been corrected in part **b** of the figure and the colour of the astrocyte has been corrected in the caption. The figure and caption have been updated in the PDF and HTML versions of the article.
