Author Correction: Bringing back the golden days of Bell Labs

Iulia Georgescu

Correction to: *Nature Reviews Physics* volume 4, 76–78 (2022) <https://doi.org/10.1038/s42254-022-00426-6> published online 27 January 2022.

In the original version of this article, there was a mistake in the sentence “However, AT&T “maintained its monopoly at the government’s pleasure, and with the understanding that its scientific work was in the public’s interest”² so it could not patent and commercialize the technology Bell Labs developed.” The text should have read “However, AT&T “maintained its monopoly at the government’s pleasure, and with the understanding that its scientific work was in the public’s interest”² so it could not fully exploit the technology Bell Labs developed.” This error has now been corrected in the HTML and PDF versions of the article.
