Correction to: *Nature Reviews Earth & Environment* <https://doi.org/10.1038/s43017-020-00115-x>, published online 10 December 2020.

In Figure 2 of the originally published article, the land subsidence label was pointing to the incorrect line, and GPS signals were incorrectly labelled as l_1 and l_2 carriers instead of L1 and L2 carriers. The legend did not define l . Both figure and caption have been corrected in the HTML and PDF versions of the manuscript.
