Correction to: *Nature Cancer* <https://doi.org/10.1038/s43018-022-00400-2>, published online 4 July 2022.

In the version of this article initially published, in the first sentence of the second paragraph now reading “Niraparib is a PARP-1/2 inhibitor approved for recurrent or advanced ovarian cancers,” the word “endometrial” originally appeared in place of “ovarian”. The error has been corrected in the HTML and PDF versions of the article.
