

PARAPLEGIA

Index to volume 15 (1977/78)

Subject index

Counselling

- How an American plaintiff's lawyer presents the spinal cord injury resulting from trauma, by R. D. Grand 195

General

- About pain and its treatment in paraplegics, by M. Maury 349
- Classification of the severity of acute spinal cord injury: implications for management, by M. B. Bracken, S. B. Webb and F. C. Wagner 319
- Correction of scoliosis due to paraplegia sustained in paediatric age-group, by G. M. Bedbrook 90
- First year hospitalisation costs for the spinal cord injured patient, by S. B. Webb, E. Berzins, T. S. Wingardner and M. E. Lorenzi 311
- Flexion and supination deformities of the elbow in tetraplegics, by A. A. Freehafer 221
- Is positive-contrast myelography of value in acute cervical spinal cord injury? by A. T. Scher 215
- Pain and cervical traction variation during manual turning, by F. X. Keane 343
- Psychological, neurophysiological and therapeutic aspects of chronic pain: preliminary results with transcutaneous electrical stimulation, by H. J. Hachen 353
- Scoliotic growth in children with acquired paraplegia, by U. K. Banniza von Bazan and V. Paeslack 65
- Some experience with paraplegia in a small hospital in Nepal, by D. Hamilton 293
- Spinal cord injury in children and adolescents: diagnostic pitfalls and therapeutic considerations in the acute stage, by H. J. Hachen 55
- The costs of spinal cord injury, by E. D. Charles, P. R. Fine, S. L. Stover, T. Wood, A. F. Lott and J. Kronenfeld 302
- Total responsibility of the surgeon in the management of traumatic spinal paraplegics and tetraplegics, by Sir Ludwig Guttmann 285
- Two therapeutic experiments on stubborn pain in spinal cord lesions: coupling Melitracen-Flupenthixol and the transcutaneous nerve stimulation, by A. Heilporn 368

Abstracts of selected papers 190, 280

Book reviews 99, 187

Obituary 186

Haematology

- Prophylaxis of venous thrombosis and pulmonary embolism in patients with acute traumatic spinal cord lesions, by E. R. Casas, M. P. Sánchez, C. R. Arias and J. P. Masip 209

Metabolism

- Immediate endocrine and metabolic consequences of traumatic quadriplegia in a young woman, by J. Claus-Walker, R. E. Carter, N. M. Di Ferrante and J. Singh 202
- Longitudinal study of calcium and bone metabolism in paraplegic patients, by P. Bergmann, A. Heilporn, A. Schoutens, J. Paternot and A. Tricot 147
- Metabolic effects of sodium restriction and thiazides in tetraplegic patients, by J. Claus-Walker, D. Cardus, D. Griffith, and L. S. Halstead 3

Paraplegic centre

- Ontario crippled children's centre tissue trauma programme, by G. Hahn and R. Black 86

Pathology

- Hydatid cyst causing spinal compression, by S. Suri, I. Singh, D. R. Gulati and J. S. Sohdi 333
- Intraspinal neoplasms in children, by J. R. Farwell and G. J. Dohrmann 262
- The paediatric syndrome of traumatic myelopathy without demonstrable vertebral injury, by D. J. E. Cheshire 74

Physiology

- Arm cycloergometry and kinetics of oxygen consumption in paraplegics, by Č. R. T. Marinček and V. Valenčić 178
- Autonomic hyperreflexia during cystoscopy in patients with high spinal cord injuries, by J. C. Snow, H. P. Sideropoulos, B. J. Kripke, M. M. Freed, N. K. Shah and R. M. Schlesinger 327

- Electrodiagnostic investigation of the motor neuron and spinal reflex arch (H-reflex) in spinal cord injury, by Y. Shemesh, R. Rozin and A. Ohry 238
- Norepinephrine, dopamine and serotonin in experimental spinal cord trauma: current status, by R. A. Brodner and G. J. Dohrmann 166
- Somatosensory cortical-evoked responses after feline experimental spinal cord injury, by P. A. Singer, R. L. D. Prockop and D. K. Anderson 160
- The effect of medical sympathetic blockage (using reserpine) in the management of spinal cord injury in rats, by S. M. Rezaian, M. Rezvani, M. Movlavi and A. Daneshbod 172
- The flow-volume loop in tetraplegics, by J. V. Forner, R. Ll. Llombart, and M. C. V. Valledor 245
- The use of multistage exercise testing with wheelchair ergometry and arm cranking in subjects with spinal cord lesions, by J. R. Wicks, K. Lymburner, S. M. Dinsdale and N. L. Jones 252
- Psychology**
- Coping behaviour and the moratorium following spinal cord injury, by T. D. Stewart 338
- Survival in marriage in the paraplegic couple: psychological study, by A. David, S. Gur and R. Rozin 198
- Sexual problems**
- Histological and hormonal testicular changes in spinal cord patients, by A. Leriche, E. Berard, J. L. Vauzelle, P. Minaire, R. Girard, J. P. Archimbaud and J. Bourret 274
- Semiological value of painful sensitivity of the testis in spinal cord injuries, by E. Berard, B. Perrin, A. Leriche, P. Minaire, R. Giraud and J. Bourret 373
- Spinal cord injuries: male infertility aspects, by A. David, A. Ohry and R. Rozin 11
- Surgery**
- Atlanto-axial dislocations, by K. S. Masalawala 103
- Cervical ankylosis with acute spinal cord injury, by J. S. Young, D. J. E. Cheshire, J. A. Pierce and J. M. Vivian 133
- Cervical spine stenosis, by P. Harris 125
- Experience with early anterior operation in acute injuries of the cervical spine, by W. J. Horsey, W. S. Tucker, A. R. Hudson and S. W. Schatz 110
- The value of fibular intersomatic fusion in the treatment of recent cervical spinal cord injuries, by A. B. Rossier, R. W. Hussey, J. E. Kenzora, M. Sarkarati and J. M. Sethi 123
- Urology**
- Intermittent catheterisation: follow-up studies, by S. L. Stover, L. K. Lloyd, C. S. Nepomuceno and L. L. Gale 38
- Management of neurogenic bladder dysfunctions following acute traumatic cervical central cord syndrome (incomplete tetraplegia), by I. Perlash 21
- Problems in the radiological interpretation of the X-ray appearance of the bladder wall and bladder neck obtained on micturating cysto-urethrography in patients with neurogenic bladders, by A. T. Scher 15
- Results of bladder training 1966-74, by R. N. Gjone and E. Ween 47
- Some observations of 31 spinal cord injury patients on whom the Bricker procedure was performed, by B. A. Moeller, Jr. 230
- Topical or no anaesthesia for external urethral sphincterotomy in neurogenic vesical dysfunction due to spinal injury, by M. S. Rao, B. C. Bapna, Vaidyanathan, C. L. Gupta, V. N. Bhat, M. J. Reddy, K. M. K. Rao and H. Singh 226

Author index

(D) indicates a discussion of a paper at a meeting
